Price Increase Announcement Up to 8-15% Steep Slope Products

To Our Valued Customers,

We have been notified that all Steep Slope manufacturing partners will be increasing pricing for residential roofing shingles and accessories ranging from 8-15% effective August 1st. They have indicated the continued volatility in the market for raw materials has necessitated the increase. Accordingly, we will be adjusting our prices to you.

As your independent supplier of choice, our goal remains to service, respect and protect you and your business as much as possible during this challenging market environment. We encourage you to reach out to your local Elite representative as the increase nears to get additional information specifically related to your situation.

Thank you for your ongoing support of Elite Roofing Supply. We are grateful for your business and remain committed to keeping you informed of developments as we work to minimize the impact to your business.
